

JUNGHEINRICH

Automatic Tow Tractor 5.0t

- Developed based on our proven standard truck in order to specifically optimise warehouse work and transport processes.
- A 24-V 3-phase AC motor ensures high performance with low energy consumption.
- Can be used in mixed operations with manual trucks and pedestrians.
- Truck is controlled by laser navigation using reflectors installed along the travel route.
- Efficient, process-reliable completion of transport tasks.
- Extensive safety systems for use in mixed operations.
- Various couplings possible.
- Easy integration into existing IT systems.
- Load Capacity:
11,000 lbs.
